Fish Feeding at the Dock

Honestly, it just feels like time for a celebration. Summer has arrived. Our health care heroes have been outstanding and we have a very few remaining apartments available on what is likely the nicest campus of any rental assisted living facility in all of Jacksonville.

So come see. Picnic with us outdoors. If you'd like a tour as well, even if only curious, great. Kids - and also our residents! - love our giant indoor aviary. Families and residents appreciate our full license bistro, and even health care professionals are awed by the design of our separate Creekside memory care building.
